---

Greetings!

Please join us in welcoming Dr. Carl Schultz to Emerald Medical's Fort Myers office. He will be seeing patients on Wednesdays. ([Check for an available appointment.](#))

Dr. Schultz specializes in family practice and, as an emergency room physician, understands the urgent need to relieve pain and maintain health.

Dr. Schultz joins our staff of licensed physicians in the treatment of chronic pain due to qualifying diseases. If you are not familiar with marijuana, he will educate you about the known science behind its effects, and compassionately help you integrate it with other traditional and alternative treatments.

Dr. Schultz comes to us with 40 years as a practicing physician, 10 of those years based in Fort Myers. He shares that in his ER experience, people always come in with pain, and traditionally are prescribed opiates. *"It's nice to have the option of medical marijuana which has little to no downside when properly*

prescribed," he says.

Dr. Schultz has witnessed remarkable results with patients with a wide variety of conditions, from chronic back pain to multiple sclerosis. He says that, "*People come to us when they've either reached a point with medications or with physicians that they feel they've run out of options. Some physicians will refer those patients to us with positive results.*"

Many of Emerald's patients have found great relief from pain from medical marijuana treatment. If you believe you have a qualifying condition, we encourage you to make an appointment with us.

To book your appointment with Dr. Schultz in Fort Myers on Wednesday, [click here](#).

We look forward to joining you on your journey toward greater wellbeing.

Sincerely,

*Donald W. Ketterhagen*
