Insider's Guide to Dispensaries: Part 1

Greetings!

There are seven dispensaries in multiple locations in Southwest Florida and we visit them once week, at least, to stay on top of what's new and availability inventory.

We're impressed that each dispensary has great customer service, a warm and welcoming environment, regular deals and discounts including loyalty programs, and convenient locations. Yet each one has its own style and product specialty.

Florida dispensaries are "seed to sale" industries, meaning that each dispensary has a grow operation in Florida, so your cannabis is Florida-grown.

Here we break down the benefits of three dispensaries (each with locations in Bonita Springs and Fort Myers) in Part One of our "insider's guide to dispensaries."

We recommend that you sign up for each dispensaries' newsletter via their websites, as all regularly have special promotions in addition to their discounts.
