Join One of Our Exclusive Dispensary Tours

Do you experience anticipation when you visit a dispensary for the first time? We offer one-on-one **exclusive dispensary tours** for patients who may experience a learning curve when they visit a dispensary for the first time.

Your guides are Emerald's patient care coordinators, Lou Thacker and Steven Montemoina. Both are dispensary experts with a special understanding of the routes of administration best for your condition.

The tours are offered by appointment. Lou or Steve meet you at the dispensary to help you choose the best products for you. For example, they select specific dispensaries for vaping, tinctures and flower. They ensure that you receive the right cannabis and route of administration recommended by your Emerald physician.

Call us at **239-202-0606** to reserve your spot.

We've received very positive feedback on the tours from appreciative patients who benefit from from this invaluable Emerald asset.

We look forward to serving you.

Sincerely,

Dr. Don
