Greetings!

Neapolitans live in the happiest, healthiest community in America! TheGallup–Sharecare "State of American Well-Being" ranking has put Naples in the top spot for four consecutive years.

But we understand that even in paradise, you or your loved ones may suffer with chronic pain.

Our new "**Paradise Wellness Plan**" can put you on the journey to wellbeing at significant savings -- \$50 off our regular \$249 for an initial consultation with one of our experienced, licensed medical marijuana doctors. The offer is available to new patients at our Naples office through June 30 (appointments must take place on or before June 30).

The initial consultation with your Emerald medical marijuana doctor includes:

- a review of available medical records for qualifying conditions
- an individualized treatment plan
- the doctor's recommendation to the Florida Department of Health's Medical Marijuana Registry
- assistance with your registration to the Department Health for your ultimate ease and convenience.

Your doctor's recommendation is for 210 days from the date you register, as required by the state. After 210 days, we will contact you for your follow-up appointment with your Emerald doctor for recertification.

This appointment is just \$149, and includes a review of your products and dosage, any adjustments to your recommended treatment plan, and an update on new products available at dispensaries which may benefit your condition. The doctor then submits the recertified recommendation to the state, allowing you to continue to obtain your medical cannabis.

As an Emerald Medical patient, you have trusted cannabis advisors and doctors joining you throughout your journey to relief from pain and greater wellbeing.

If you or your loved ones are suffering from a [qualifying condition](#) and experiencing chronic pain, we can help!
